The painters' strike is still on.

The annual inspection and parade of the Westerly Fire department was held Saturday, and the appearance of the fremen and apparatus demonstration convinced the people, that the fire protection of the district was well be marked improvement in the efficiency when a real modern up-to-date motor-driven hook and ladder truck is substituted for the present antiquated horse-drawn apparatus.

In the morning, and for two hours in the afternoon after the parade was dismissed the quarters and apparatus of the several companies were open to public inspection, and the cleanliness of well-furnished quarters and the pollahed apparatus showed that there was linkered to work in conjunction with non-union painters for an increase in pay. On Saturday four painters of Westerly, non-unionists, who were at work on the Red Brook place in Stonington, quit work in sympathy with the union painters who are on strike in Westerly.

Other officials elected were: John S. Collard, state veterarian; Prof. A. E. Stene, state entomologist; cattle commissioners: Henry S. Tur-ner for Providence county; Philip A. Mooney and Tristain D. Babcock, for Washington county; John Manchester, for Kent county; William K. Boyd and George T. Howard for Newport county; William Williams, for Bris-tol county.

Howard Barnes, a member of the coast guard service at Watch Hill Life-Saving station, did not fancy two months of compelled idleness according to the rules of the service, so cording to the rules of the service, so he resolved to engage in the automobile public service business. He secured an operator's license, Friday morning, leased an automobile from James Thorp and went into the so-called fitney trade, on a taxi cab basis. In driving along Granite street, Friday evening, the steering geer became disarranged when in Granite street near Newton avenue, and the street, near Newton avenue, and the autohobile ran onto the sidewalk and crashed through a picket fence. Mr. Barnes escaped injury, the automobile was damaged only slightly, but the fence must be rebult.

Dr. Russel Brown Smith, 59, one of the best known physicians in Wester-ly, who has been seriously Ill for two months, died Sunday evening at his home in High street. He had been practicing medicine in Westerly for the past twenty-five years and was deeply interested in educational af-fairs, serving many terms on the school committee and for the past three years as medical examiner of fairs, serving many terms on the school committee and for the past three years as medical examiner of schools. Dr. Smith was a prominent Mason and was connected with all the Masonic bodies in Westerly. He was a past master of Franklin lodge, F. and A. M., and Palmer chapter, R. A. M., and past commander of Narragansett Commandery, K. T., and a member of Palestine Temple, Noble Order of Mystic Shrine. He was raised in Masonry in the lodge at Vergennes, Vt., and affiliated with Franklin lodge June 19, 1891, and was master in 1906, and of Palmer chapter Nov. 2, 1897. He became a member of Narragansett commandery July 3, 1902, and eminent commander in 1907. Dr. Smith served in the Spanish-American war as first lieutenant and assistant surgeon of the First R. I. Volunteers and up to the time of his death was medical examiner for the Fifth company Coast Defense, R. L. N. G. Dr. Smith was born in Addison, Vt., June 6, 1367. He is survived by his wife. There will be no Masonic funeral.

Trolley cars are being operated in Westerly at irregular intervals, but with very small patronage. No attempt is made to run the cars on schedule time, and the "walk fer justice" scheme has been endorsed by local unions. In Westerly proper there has been no interference manifested with the operation of the cars, but over the bridge in Pawcatuck there were several demonstrations of a riotous nature, but which did not develop into serious action. On the arrival of cars on the Groton and Stonington road they were surrounded by big crowds, and the operating crews were jeered at and given rather harsh titles. The parties attacked by the tonguelsahing made no replies, and were apparently unconcerned by the disagreeable surroundings. The union workmen employed in the building trades at Wath Elli have served notice on employers that they will not so to their work Monday in trolley cars op-

Manchester Unity, Odd Fellows, atturn to Work-No Kicking Over tended service in a body at the Methodist Episcopal church Sunday morn-The striking weavers of the American Velvet company held another meeting at Little Mountain, Saturday, and cencluded that three days of vacation without pay was ample. They decided to accept the company's offer and to return to work Monday morning. The trouble had a rather unusual origin. Much of the help resides in Mystic, Pawcatuck, and even as fareast as Westerly, and the company was desirous of having the employes live in Stonington, where there are ing. The members of the order met at their rooms at the Baltic Social and Athletic club at 10 o'clock, and the line of march was formed. They were preceded by a boy carrying the American flag and by St. John's band. The line proceeded down Main street, as far as High, up High, as far as the Roderick block, where the marchers turned into Railread street and proceeded to the church. The pastor, Rev. Charles Smith, took for his subject, Wanted, a Man. There was special music, under the direction of Choirmaster Robert Bethel. An offertory solo was rendered by Wilfred Huoghton. At the conclusion of the services the members, led by the band, marched to their rooms. Visitors were present from Hugh H. Osgood lodge, Norwich. About 30 Odd Fellows were in the assemblage. preceded by a boy carrying the Amer ment to locate in Stonington the company offered an increase in pay of five per cent, to all employes who resided in Stonington borough. This was not pleasing to those who resided on the outside, so they made demand for like increase and it was refused. Then the weavers made a demand for an increase in wages of ten per cent. That was refused and the weavers went on strike. In the meantime the company agreed to give all employes an increase of five per cent. in wages and this the strikers have accepted. Chief Engineer Ed Teed and several members of the Stonington fire department witnessed tho annual parade of the Westerly department, Saturday afternoon.

Regular Automobile Service.

The automobile service between Baltic and Norwich has been regulated to some extent, and has been conveying passengers on schedule time. Four large autotrucks have been added to the service cars. A number of jitneys and touring cars made trips to Willimantio Saturday and Sunday, but no definite hours have been announced to carry travelers, but service can be obtained. An additional charge is asked owing to the difference in mileage. In spite of the heavy rain Saturday evening, travelers patronized the new autotrucks. Those riding in open trucks carried umbrellas and seemed to enjoy the trip. No trolleys were run to Baltic after 7 o'clock and during the day only an occasional passenger was taken aboard. Baltic people are not forced to wait for cars, as a number of cars are on hand to meet the demand. It is expected that some of the out of town drivers of litneys will have to come down on their prices as the autotrucks are running for forty cents the round trip.
